

The Area

- So what does this area of Swedish Lapland have to offer you?
- One mighty and overwhelming natural experience!
- All the nature you can imagine...dense forests...mountain birch... wide stretched mires... bare white mountains with deep valleys... pure clean lakes with salmon, trout and char and beautiful, amazing scenery.
- Wild roaming game animals including Elk (Moose), Reindeer, Wolverines, Lynx, Wolves and hundreds of varieties of birds including Eagles and migrating Mute Swans most weeks of the year.
- In summer, 24 hour daylight for over 10 weeks, and in winter the Northern Lights, a magical experience for all who witness it.
- The air is pure and you can drink directly from the many rivers, lakes and streams without fear of pollution.
- The Fishing is considered to be some of the best available to Fishermen today. There are many varieties of fish available in thousands of well stocked lakes and some of the largest Pike have been caught here where it is called the 'Swedish Shark'!
- Eight national parks and 170 nature reserves, each with their own special character. The area of Laponia, is only 3 hours. This has been designated by UNESCO as one of only four true 'World Heritage Sites'.
- The tradition of protecting and preserving nature has meant that many unusual plants grow in the unique habitat here and rare species of animals find sheltered places to raise their offspring.
- Snow scooters can be hired in the winter and low priced fishing is available in the summer and winter, as are all types of sports including walking, hiking, golf, snowboarding and skiing, hunting, dog sledding and many more.
- The world famous 'Ice Hotel' is only 2 and a half hours away.
- The famous 'Jokkmokks Winter Market' (over 400 year old Sámi craft market) takes place every February (which provides huge rental potential for the week).
